Dear Mr. Green:

**FEDERAL AVIATION ADMINISTRATION – PARTS MANUFACTURER APPROVAL**

Per 14 CFR Part 21, Subpart K, we found design data submitted by B/E Aerospace/SMR Technologies, Inc. to the New York Aircraft Certification Office by Mr. Bob Ray's letter of July 24, 2007 to meet the airworthiness requirements of the regulations for the products on which the parts are to be installed, as evidenced by the enclosed NYACO co-signed FAA-PMA Supplement No. 83, Amendment No. 1 dated July 31, 2007. We based our finding on identicalness. Also, we determined that your company set up the fabrication inspection system at 93 Nettie Fenwick Road, Fenwick, WV, as required by 14 CFR 21.303(h). Therefore, we grant parts manufacturing approval (PMA), which authorizes you to produce the replacement parts in the enclosed Supplement No. 83, Amendment No. 1.

We remind you that the provisions of 14 CFR, noted in our PMA letter of approval dated February 26, 1999, Supplement No. 28, also apply to the enclosed PMA Listing, Supplement No. 83, Amendment No. 1. Please keep the enclosed supplement with the original PMA letter as evidence of approval to produce the parts concerned.

Sincerely,
